

Kaimla Technology

2025 Q3 Report

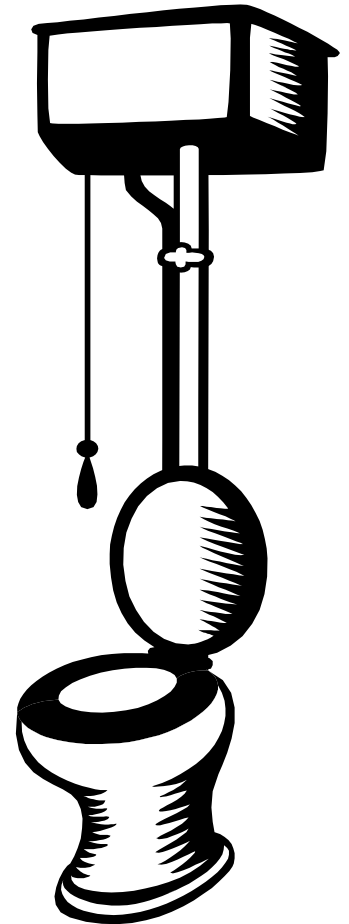

Summary

- 2 projects launched
- All other projects in progress
- Very success!

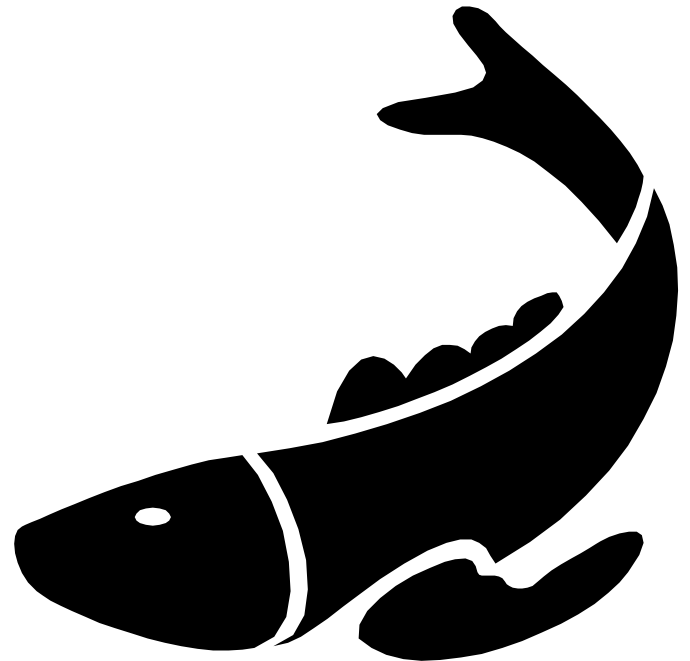

Shit as a Service

- Launched as MVP
- Added API
- Ran advertisement campaign

Virtual Pet Playground

- Launched MVP
- Added in-browser visualization
- Ready for more content

What's next?

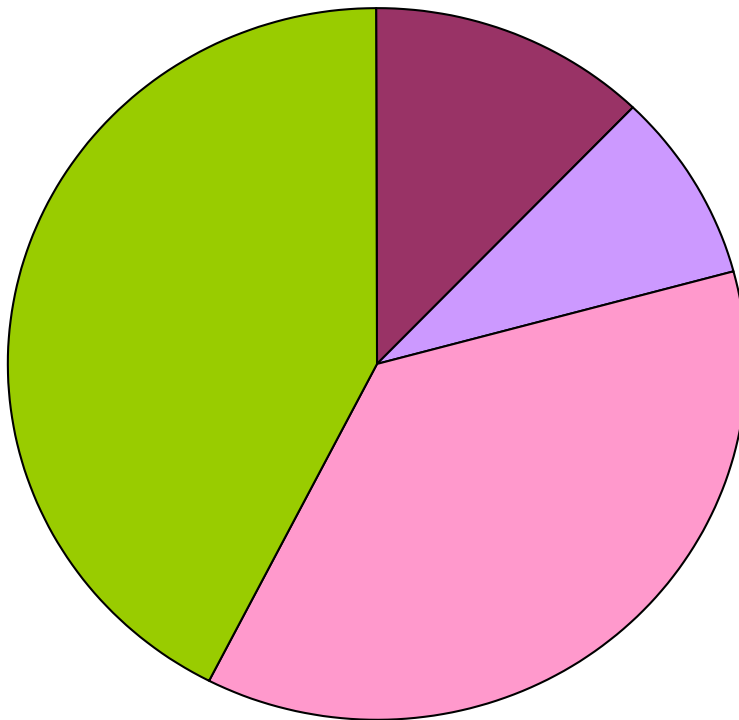

Shit as a Service

- Additional templates
- Additional animations
- *Tiktok promo campaign?*

Pet Playground

- Increase simulation complexity
- Add more locations
- Write up more wiki articles and expand existing ones

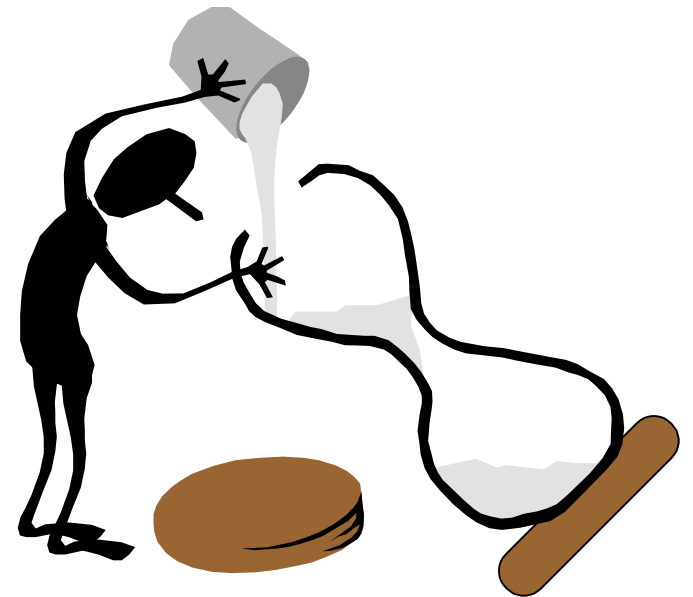

Egg Tappist

- Tech Prerequisites (finished)
- Tech Prerequisites (in progress)
- App Itself
- Art

Delays?

- Projects **are** progressing!
- But they need more time...
